

Rainbow Village by Amanda Jane Ogden

Instruction 11: A flower shop

To watch the video click [here](#)

You will need:

- An empty cardboard toothpaste box
- Thin card
- Glue and spreader
- Magazines, catalogues and newspaper to cut out
- Paints and felt pens
- Pencil and ballpoint pen
- Ruler
- Masking tape or Sellotape
- Scissors

What to do:

1. Measure the length of the cardboard box and divide by 2.
2. Measure that distance all the way round the box, marking with a ballpoint pen.
3. Cut the box across the middle, along the marks you made.
4. Take one half for today. Keep the other half for tomorrow.
5. Separate out the box along the join and turn the box inside out.
6. Glue and tape the flap that joins the box.
7. Mark the width of the box on the card. Draw and cut out a rectangle.
8. Fold the rectangle across the middle to make a roof.
9. Draw and paint a door. Paint the roof
10. Draw a window. Cut out flowers and a shop name and glue them on.

It might look a bit like this:
