

Rainbow Village by Amanda Jane Ogden

Instruction 13: The Terrace

To watch the video click [here](#)

You will need:

- A cardboard box about 6 x 10cm
- Glue and spreader
- Thin card
- Felt pens, pencil and ruler
- Scissors
- Recycled white paper

What to do:

1. Measure the width of the box on the white paper and cut a strip.
2. Fold the paper round the box. Crease at the corners.
3. Glue the paper on the wrong side and stick to the box.
4. Measure the length of the box and divide the number into 3.
5. Mark out the three houses and use your ruler to add door and windows to each house in pencil.
6. Colour in the doors and window frames.
7. Add numbers to the doors.
8. Cut a strip for the roof about 7cm wide and as long as the row of houses from the card. Fold down the centre and glue to the box.
9. Paint the roof.
10. Add a name for the terrace.

It might look a bit like this:
