

Rainbow Village by Amanda Jane Ogden

Instruction 3: The tunnel

To watch the video click [here](#)

You will need:

- Pencils taped together
- Another pencil
- A large roll of masking tape or sticky tape (or something that size)
- A ruler
- Paints, paintbrush and water

What to do:

1. Draw round the top of the tape to make an arch on the end wall of your box.
2. Use a ruler to draw straight lines down to the base from each side of the arch.
3. Use your taped pencils to go round the arch again, so you get a second arch.
4. Paint the arch with grey paint.
5. Paint inside the arch with black paint.
6. Paint a green hill above the arch and on either side of the arch.
7. Paint in a darker green area on part of the hill.

It might look a bit like this:
