Instruction 6: The Road

To watch the video, click [here](#)

You will need:

- White recycled paper
- Scissors
- Glue and glue-spreader
- A pencil
- A ruler
- Paint, paintbrush and water
- A plastic pot

What to do:

1. Use your ruler and pencil to draw a road about 6cm wide all the way from the tunnel to the end of the far side of the box.
2. Mix plenty of grey paint in your plastic pot.
3. Use the grey to paint the road.
4. Rule a line 15mm wide across one end of your white paper.
5. Cut out the long strip with scissors.
6. Cut very small (3mm) strips off the long strip.
7. When the grey paint is dry, glue the white paper pieces down the center of the road.

It might look a bit like this:
