You will need:

- Black card (from recycled packaging)
- Recycled white paper
- Glue
- Felt-pens
- Scissors

What to do:

1. Draw circles on the paper. Each circle needs to be about 7mm across.
2. You need two red circles, two orange circles and two green circles.
3. Cut the circles out with scissors.
4. Cut two rectangles about 3cm long and 1cm wide from the black card.
5. Stick a red and orange and a green circle on one rectangle, then repeat with the other.
6. Cut two narrow strips of card to make poles for the traffic lights.
7. Stick the traffic lights either side of the tunnel entrance.

It might look a bit like this:
