

Rainbow Village by Amanda Jane Ogden

Instruction 22: A sandpit and a slide

To see the video, click [here](#)

You will need:

- White recycled card, yellow recycled card, grey recycled card
- Scissors
- Felt pens, pencil
- Ruler
- Glue and spreader

What to do:

1. Cut out a rectangle about 5 x 4 cm from the yellow card and glue it into the park area of the box,
2. Cut four strips of grey card, two pieces the length of the yellow card and glue them on each side.
3. Measure the width of the sandpit and cut two more pieces of grey card and glue them in.
4. Measure a strip about 1cm wide across a fold in a piece of white card packaging with your pencil and ruler.
5. Cut the strip off about 3cm from the fold on one side and about 6cm from the fold on the other.
6. Use a blue felt pen to draw steps on the short bit and use a bright coloured felt pen to colour in the rest.
7. Glue the slide in place in your park.

It might look a bit like this:
