Instruction 24: Flowerbeds in the park

To see the video, click [here](#)

You will need:

- Magazines, brochures or gardening catalogues to cut up
- Scissors
- Glue and spreader

What to do:

1. Find some pictures of plants growing.
2. Decide where you would like to plant flowers in the park.
3. Decide on the shapes of flowerbeds and cut shapes out of the pictures you have found.
4. Try out the flowerbeds in the park area until you are happy with the arrangement.
5. (Please leave one corner of the park empty, so a small hill can be added next week!)
6. Glue the flowerbeds in place.

It might look a bit like this:
