

Rainbow Village by Amanda Jane Ogden

Instruction 25: Park benches

To see the video, click [here](#)

You will need:

- Brown recycled card
- Pencil
- Ruler
- Scissors

What to do:

1. Use your ruler and pencil to draw a rectangle 4cm long and 21mm wide on the card.
2. Divide the rectangle into three strips, each 7mm wide. Mark the lines lightly with pencil.
3. Cut out the rectangle with scissors.
4. Bend the rectangle along each line.
5. On one long edge, cut two legs for the bench, one at each end.
6. Cut out the section between the legs and throw it away.
7. On the opposite long edge, snip up to the first fold to make the other two legs, but this time, fold the section in between upwards to make the back of the bench.
8. Make two more benches the same – or as many benches as you like!

It might look a bit like this:
